2021: A Year Like No Other

As we sit on the cusp of our 80th anniversary, we can all take great pride in seeing that now more than ever we are fulfilling the original vision of our founders. Back in the summer of 1942, bearing witness to the hardships within the community during wartime, they came together to provide additional critical funding for those in need.

Summer and year-round residents worked together to raise increasingly scarce funds insisting that all donations go directly to those good causes. UMC still holds to those founding principles, although we've greatly expanded the impact of our grantmaking. And we continue to do so with transparency, integrity, and responsible stewardship.

Looking back on 2021 specifically, we want to thank long-serving board members John Burgess and Loie Hanscom as they step down. At the same time, we welcome four new board members—Karyn Rizzo, Denise Breed, Mark Haley, and Janice Washburn Gates.

Meanwhile, UMC's President John Viehman along with two new staff members, Development Manager KC Christensen and Administrative Assistant Rebecca Leonard, guided the organization to realize one of its most successful years in overall grantmaking, all the while managing the challenges of the pandemic to our day-to-day operations.

The Midcoast community once again was unwavering in its support, allowing UMC to fully fund its grantmaking and directly support more than 35 agencies here in Knox and Waldo counties. Our funding proved to be more important than ever, as many agencies were overwhelmed by the unforeseen impacts of the pandemic. Together we emerged stronger than ever and are looking forward to continuing the legacy of our founders as we celebrate our 80th anniversary in 2022.

In gratitude,

"We at Rock City are so grateful to be participating in the Day of Giving 2021! UMC is an incredible organization... They have a deep understanding of the charities they work with and the issues that face our communities and can be an education resource to help you make the most impact, whether you donate or volunteer. We are so proud to be on a HUGE list of participants this year..."

Workplace Giving Profile

Fisher Engineering Employees Support UMC

Whenever it snows, we know at least 65 of our donors are smiling. They're the employees at Rockland-based Fisher Engineering who regularly donate to UMC through the company's Workplace Giving program. They know that 100% of their contributions go directly to 50 local nonprofits in their own communities. Since the company launched the payroll giving program in 2009, more than \$280,000 has been donated, thanks to the generosity of hard-working FISHER® employees and a dollar-for-dollar company match.

Area residents are used to seeing bright yellow FISHER® plows on trucks throughout Knox and Waldo Counties as they help clear local roads and driveways. Like UMC, Fisher Engineering was started in the 1940s, and workers still manufacture the equipment at the Rockland facility.

Dean Fisher founded Fisher Engineering in 1948 and decades later it is now one of the leading U.S. manufacturers of snow and ice removal equipment.

Fisher Engineering founder Dean Fisher on the shop floor.

Dean earned degrees in civil engineering and mechanical engineering. During his World War II commission in the U.S. Navy, he worked with a Seabees construction battalion and served as second in command at Pearl Harbor, Hawaii. Shortly thereafter, he set out to build his snowplow business from the ground up. The original intent was to locate in Boston, but after visiting Maine, he fell in love with the area and based it here.

Today, Fisher Engineering, now a part of Douglas Dynamics, is a thriving facility employing about 350 proud Mainers. UMC appreciates its dedicated employees who are making such a positive difference in our local communities.

“Fisher Engineering and its employees are proud to support UMC, because of its important role and impact in our communities. Our involvement in the workplace giving program helps us help others who have needs that we may take for granted, such as food, housing, health & safety, and economic security.”

Senior Human Resources Manager

Ways to Give

Open Your Heart!

Contributing to UMC is one of the best ways to help Midcoast nonprofits and thousands of people in Knox and Waldo counties during these trying times. And you can rest assured that 100% of your donations will go directly to local nonprofits. Below are several easy giving options. In many cases, you may qualify for a tax deduction; consult your accountant/CPA for details.

A Gift of Cash

→ All amounts, no matter how large or small, are always welcome. Donate once or monthly; every gift makes a difference.

Monthly Giving

→ It's simple. You can donate any amount whenever you'd like. Distributing your charitable giving over 12 months allows you to build your gifts into your budget, and you can set this up through our website or use your bank's online bill-pay.

Community Champions

→ Join a group of dedicated major donors who believe in active community philanthropy and have made a commitment to give at least \$10,000 to UMC every year.

Honor a Special Someone

→ Honor a relative, friend or colleague with a meaningful gift in their name.

Stock and Other Appreciated Assets

→ Contributing assets owned for longer than one year allows you to receive a charitable deduction equal to their current value and avoid capital gains taxes.

Staff provide a friendly welcome for patients at the Knox Clinic in Rockland.

Establishing a Charitable Trust or Annuity

→ Creating a charitable remainder trust or gift annuity enables you to provide life-time income for yourself and/or others.

A Matching Donation from Your Employer

→ Many companies offer matching gift programs to encourage employees to make charitable contributions. Ask your employer today.

IRA Charitable Distribution

→ You may give up to \$100,000 to charity directly from your individual retirement account (IRA) when you are over age 70½ without counting the distribution as taxable income. This type of charitable gift is called a Qualified Charitable Distribution (QCD).

Donations to UMC's Endowment

The UMC Endowment covers all our operating and fundraising costs, making it possible for 100% of all other donations we receive to go directly to the agencies. It also ensures that UMC will remain stable and sustainable for decades to come. To contribute to UMC's Endowment Fund, note this in your donation correspondence.

Leave A Legacy

In Memoriam: You can also give in memory of a loved one as a unique way to celebrate their life.

Planned Giving: Through this vital giving option, you'll be creating a legacy while providing you and your family with estate and financial savings.

A Gift Through Your Will or as a Beneficiary of Your Retirement Account

Include UMC in your will or living trust by bequeathing a fixed amount, a specific asset, or a percentage of your estate. Also, consider including UMC as a beneficiary of your new or existing life insurance policy or retirement plan (IRA, Roth IRS, 401k).

Shop and Benefit UMC

Support UMC when you shop on Amazon. Go to www.smile.amazon.com, select United Midcoast Charities as your beneficiary, and Amazon will donate a percentage of all your purchases directly to UMC!

Big Sister Amy and Little Sister Rya enjoy quality time together: "...we can laugh, be silly, dance... and have important conversations..."

Make a Difference!

For more information about any of the above giving options, call Development Manager KC Christensen at (207) 236-2299 for a confidential consultation or email kc@unitedmidcoastcharities.org

Be a Company That Cares

New businesses are always welcome to join our Workplace Giving Program. Employees that participate in employer-sponsored payroll giving programs overwhelmingly tell us that they like to work for a company that cares. UMC's Workplace Giving programs are easy to start and tailored to each employer's needs. Both employee and employer donations go directly to Midcoast nonprofits, although employers are not required to make matching donations. **Call the UMC office at 207-236-2299 for details.**

Volunteers from West Bay Rotary wrap up another day on the job site for Midcoast Habitat For Humanity's Philbrick project in Rockland.
